FOUNDATIONS FOR NETWORK INNOVATION

NEWS RELEASE - FOR IMMEDIATE RELEASE

NewNet Communication Technologies is a contributing member of the Rural Cellular Association

NewNet Communications Technologies proudly supports the Rural Cellular Association and will be participating in the 18th Annual Convention & Exhibition

Trumbull, Connecticut- April 16, 2010 – NewNet Communication Technologies, a leading provider of SS7 Signaling and Short Messaging Solutions, today announced they will be exhibiting at the Rural Cellular Association Annual Convention being held at the RIO All-Suite Hotel & Casino.

The Rural Cellular Association represents wireless telecommunications providers across the United States and serves as a source for member companies to benefit from common efforts, experience and expertise. By continuously providing carriers with educational and networking opportunities, the Rural Cellular Association remains the most influential and leading organization of its kind for rural and regional wireless carriers and their stakeholders.

“As a member of the Rural Cellular Association, NewNet is part of a dynamic association that is dedicated to helping rural and regional carriers prosper in the wireless industry,” said Sal Morlando, NewNet’s Vice President of Product Management and Marketing. “NewNet’s innovative signaling and messaging products, which are supported by NewNet’s outstanding professional services organization, enable cost effective deployment of feature rich mobile applications and services.”

NewNet fully supports the efforts of the Rural Cellular Association and looks forward to our continued support of the RCA and its members. Stop by our booth (#505) during the RCA 18th Annual Convention & Exhibition taking place at the RIO All-Suite Hotel & Casino Las Vegas, Nevada April 27-30, 2010.
